PROJECT LOCATION

Orlando is a city of superlatives. Its latest description being -- “Best to Buy,” “Hottest Rental Market,” and “Most Visited Destination” -- aren’t a stretch. With Walt Disney World at its heart and burgeoning employment opportunities in innovation technology and hospitality, more families are moving to Orlando and Davenport area than anywhere else in Florida.

Visions, strategically situated in this area, was created to provide visitors with a curated lifestyle experience while crafting lifelong memories. The increased demand to “live on vacation” means owning to rent at VISIONS has never been more desirable or profitable. But it’s not only about the numbers; Orlando’s premier shopping centers, sport venues, parks and recreation facilities, and award-winning restaurants secure its reputation as the “happiest place on earth.”
